History

ERCO was founded in 2005. We are an Educational Consulting Firm that specializes in authorizing community schools.

Mission Statement

To provide a strong foundation of resources, oversight, guidance, and leadership both to and in partnership with educational leaders of community schools serving children and society.

Vision Statement

To promote high quality charter schools in Ohio through strong academic performance and financial viability.

Core Values

Integrity: We will do what we say...and expect the same in return.

Quality: We will continually strive for excellence individually and collaboratively.

Respect: We will exhibit professionalism with each other and our stakeholders.

Accountability: We hold ourselves to these core value.

Sponsor's Annual Statement

Educational Resource Consultants of Ohio, Inc. (ERCO), sponsor of community schools, is legally mandated to provide oversight, monitoring and technical assistance. All community school sponsors are required to submit a written report of the evaluation results of the

Schools academic, financial, and organizational performance as well as the school's legal compliance to the Ohio Department of Education. This report must be made available to parents of students enrolled in the community school by November 30th of each year (OAC3301-102-05 (A) (3)). An annual report regarding the performance of this school and other schools under the sponsorship of ERCO will be posted on our website www.ercoinc.org no later than November 30th of the current school year. Parents are urged to review this report, as well as other monitoring and evaluation reports concerning the school. These reports are available at the school, or the sponsor's office. The reports are generated to provide you with a full comprehensive understanding of the school's performance.

HISTORY OF ERCO

Overview of the Company:

The Educational Resources Consultants of Ohio (ERCO) is a non-profit, educational organization that specializes in authorizing, monitoring, evaluating, and providing technical support for Ohio charter schools.

History of the Company:

ERCO opened its doors for business in February 2005, offering services to Ohio charter/community schools, which must by state law be authorized or "sponsored" by an entity like ERCO, which provides oversight in accordance with State of Ohio standards.

When founded, ERCO was one of many community school sponsors authorized by the Ohio Department of Education (ODE) to offer operating contracts to the 270 Ohio community schools in existence then. ERCO held, in its early years, operating contracts for fifteen (15) schools. Today, ERCO holds operating contracts for more than twenty schools which serve thousands of students.

THE TEAM

J. Leonard Harding, Executive Director of the Educational Resource Consultants of Ohio, Inc. brings 30 years of experience in education to ERCO. He holds a B.S. in Education from Miami University of Oxford OH, a Masters in Educational Administration from Xavier University in Cincinnati, Ohio and received his superintendents license while enrolled as a doctoral candidate at the University of Cincinnati in the Urban Educational Leadership Program.

Combining his background in education and business, Mr. Harding brings a wealth of experience and knowledge to lead and direct the community leaders of which his organization sponsors. Mr. Harding's past relative experience has been as the Director of Education for Hamilton County Juvenile Court of Common Pleas, administration at Northwest Local School District and teacher with the Princeton City School District.

Mr. Harding was an adjunct professor at Xavier University and the student teacher supervisor for the college of education at the Cincinnati branch of Mt Vernon University. He has received special recognition awards for "Excellence in Programming" from Xavier University and "Ohio Principals Mentoring Program" from the State of Ohio. Mr. Harding is the co-founder of Christ Tabernacle Ministries of Excellence, Inc. which is the parent group of the Educational Resource Consultants of Ohio, Inc.

Mr. Aaron Kinebrew has over 10 years of sponsoring experience and serves as Director of Compliance of ERCO and has 20+ years' experience in the educational field has mentored thousands of youth and is known as a dynamic inspirational speaker and workshop facilitator. He has held the positions of caseworker, teacher, counselor, Dean of Discipline and Assistant to the Principal; each progression preparing him for his present role at ERCO. His exposure to troubled students includes: facilitator of conflict mediation groups, development of programs to enhance physical skills, and behavior monitoring.

Mr. Kinebrew holds a B.A. with concentration in Individual and Family Studies from Kent State University, has completed graduate level classes in mathematics at Xavier University.

Mr. Kinebrew received his certificate of completion in Leadership/Non-Profit Management through Northwestern University Kellogg School of Management-Executive Education Program. He is also a participant of the Charter School Institute through Harvard Graduate School of Education. Mr. Kinebrew respects, defends and advocates for school choice.

Michael Imhoff has worked in the education field as a school psychologist since 2001, upon graduating from Miami University, in Educational Psychology. He also was a graduate assistant at Miami's clinical psychology department "School Based Mental Health Program", as a provider of clinical mental health services in school settings. He has worked in Cincinnati Public Schools Project Succeed, at Edgewood middle and high schools, then moving to part time school psych positions in Middletown, Trotwood Madison, and Lebanon Schools. He has also provided ETR's for several Ohio charter school students. Mr Imhoff has facilitated parent education groups, after extensive training in ADHD, for families experiencing ADHD. He also has extensive training in treating trauma, PTSD, assessing potential school shooter threats.

Prior to becoming a school psychologist, Mr Imhoff graduated from Earlham College, then earned a master's degree in Mental Health Counseling from Wright State University. He proceeded to work in both private and public mental health agencies (hospitals, ER consultations, private therapy, public agencies). He achieved the highest level of accreditation in Ohio for chemical dependency, and worked in numerous settings in that field, as a direct provider and clinical supervisor.

Mr. Imhoff also is a small business owner/registered boxing coach, running the Imhoff School of Boxing, in Hamilton, Oh. This was born from working with students who were being bullied in school. The response was overwhelmingly positive, and soon had too many boxers to serve them after school. We also provide boxing for any individual, at any age, with any type of disability, through the Iris Project for Adaptive Boxing, a nonprofit agency.

Sean Fraunfelter Accounting Services has performed GAAP conversions for local governments since 2000 with over fifty reports being completed under the GASB 34 reporting model. Having participated in or completing conversions for over 100 reports, you can be assured that your government will receive a level of service and knowledge that provides your office with the assurance of a solid report while completing the project within the proposed budget and to the satisfaction of your audit team and yourself. All reports sent to GFOA or ASBO associated with Fraunfelter Accounting Services have received the Certificate of Achievement award. There are many areas that Fraunfelter Accounting Services can assist you in besides a GAAP conversion. Having studied the state foundation formula, I have worked with both schools and local governments to provide relevant information regarding the total impact a TIF property has on the total amount the state provides to the affected school district. The analysis can also focus on individual TIF properties for the local government's infrastructure needs. An understanding of how the TIF process works is a must to having a successful relationship with the affected school district.

His mission is to focus on improving the educational opportunities for students and improving student achievement. In order to do this, he works with the adults in the schools to create situations where a focus on adult actions results in the improved achievement for students. I have leadership experience at multiple levels including high school, middle school, central office, and most recently at the elementary level.

His recent experiences over the past 15 years, have been focused on school improvement. He has been trained as an Ohio Improvement Process Facilitator. This has prepared him to work with BLTs in going through the Decision Framework and then developing a focused plan. He has assisted building leadership teams through the process of collecting and using data to define a small number of focused goals designed to improve student achievement through changing the adult behaviors of teachers. Building these collaborative structures of TBTs to really focus on what works for students is the key to successful school improvement.

These opportunities have allowed me to experience the whole process in various districts and buildings, all with diverse challenges and demands. As public education continues to maneuver through this time of extraordinary change, he has the energy and enthusiasm and drive to be a force for positive change.

Daniel Calloway is a business professional that joined the ERCO team in 2017. He currently serves as the Northeast Ohio Regional Rep. Daniel has 10 plus years of working and serving on board of directors for charter schools and public advocacy organizations in Ohio. While working with charter schools he has worked on school compliance, finance, operations, school facilities, school governance, school accountability and evaluating school performance. Daniel graduated from Kent State University, with a bachelor's degree in Business Management and John Carroll University with a Masters in Nonprofit Organizational Management.

Abbiel Jones '20 graduated from Hamilton High School as an AP and National Honor Society Scholar. Abbi is in her 3rd year at Northern Kentucky University where she is studying Organizational Leadership with a minor in Black Studies.

Abbi is currently the Head Coach for the MGC Dance Team (Youth), a dance team that focuses on building confidence, dance technique and friendship within young girls. Abbi's growth in the leadership field, commitment to minorities within the community and her goal to grow her administrative skills play a huge role in Abbi's ability towards the enhancement of ERCO.

Abbiel Jones
Administrative Assistant

After graduation, Abbi plans to continue working with ERCO while developing her own non-profit that gives a voice to minorities.

Definition of Academic Effectiveness

Goal for ERCO Schools – To become or maintain a Tier 1 rating – “Academically Effective”

ERCO believes that the primary role of a highly effective sponsor is to ensure that its schools are achieving at high academic levels. To this end, ERCO developed a tiered accountability system that describes the achievement levels, requirements and supports for each tier. Each school receives differentiated support and coaching based on their state report card and observed educational factors presented in their school operations.

This year the Ohio State Report Card reports performance by using one (1) to five (5) stars for traditional school ratings. An overall star rating was issued for the 2022-2023 school year. Dropout Prevention and Recovery High Schools receive Exceeds the Standard, Meets the Standard or Does Not Meet the Standard designations. These schools were also given an overall school rating for the 2022-2023 school year. ERCO has defined an “Academically Effective” school as one that receives Exceeds the Standard, Meets the Standard as the overall DOPR school rating or has an average of 2.5 or more stars for the OVERALL RATING on the TRADITIONAL report card.

Requirements

The Community School will be placed in one of the following Tiers:

Tier 1 – “Academically Effective” – If the OVERALL school rating is EXCEEDS the school will receive “AS REQUESTED” monitoring and support from ERCO staff.

Tier 2 – “Moderate” – If the OVERALL school rating ***If the Community School is rated Tier 2:*** is “MEET” the school will receive “MODERATE” monitoring and support from ERCO staff. (Leadership development, data analysis, instructional coaching, curriculum review, compliance assistance, etc.)

Tier 3 – “Intensive” - If the OVERALL school rating is “DOES NOT MEET” the school will receive “INTENSIVE” monitoring and support. (Targeted assistance, leadership development, data analysis, instructional coaching, curriculum review, compliance assistance, etc.)

If the Community School is rated Tier 1:

The school must participate in two required compliance monitoring visits.
The school is required to submit a summary of end of year progress data.
The school is invited to participate in ERCO technical assistance/professional development sessions. Participation is not mandatory.

If the Community School is rated Tier 2:

The school is required to participate in two required compliance monitoring visits.

The school is required to develop and implement a Needs Assessment/One Plan.

The school is required to determine growth on stated goals as measured by mid-year and end of the year data.

If the Community School is rated Tier 3:

In addition to all requirements for Tier 2 schools, Tier 3 schools are required to participate in ERCO/State/Regional technical assistance/professional development sessions. Participation is mandatory.

The school is required to determine necessary changes in curriculum and instruction through monitoring identified adult and student indicators. ERCO Academic Coaching will be provided.

The school is required to show improvement on the “Progress”, “Gap Closing”, or “Graduation Rate” component grades. Improvement on local mid-year or end of year progress monitoring measures may also be used to document growth, as approved.

Criteria for: Academic Performance 2022-2023

The **ERCO CRITERIA for ACADEMIC PERFORMANCE** is based on an average of two separate measures. These are: (1) Academic Calculation – Ohio Report Card data and (2) Educational Factors Score.

ACADEMIC – TRADITIONAL SCHOOLS AND DOPR SCHOOLS

Ohio Report Card five-star ratings were used to determine the Academic calculation. For Traditional schools, the academic calculation equaled the total number of stars divided by the number of respective Report Card Components. For DOPR schools, ERCO calculated a value of each rating using the following scale EXCEED=4, MEETS=3, DOES NOT MEET=1. The total was then divided by the number of respective Report Card Components.

RESULTS FOR ACADEMIC

Academic calculations based on the 22-23 state Report Card for Traditional Schools and Dropout Prevention and Recovery Schools show effective and sustained progress for ERCO schools. The DOPR schools made excellent progress, having 8 of 10 schools scoring MEETS THE STANDARD (80%). Seventeen schools (77%) were rated either MEETS OR EXCEEDS ERCO's Academic Standard. Four schools (18%) were rated EXCEEDS THE STANDARD. Thirteen schools (59%) were rated MEETS THE STANDARD, four schools (18%) were rated APPROACHES (DOES NOT MEET) THE STANDARD, and one school (5%) rated BELOW THE STANDARD.

EDUCATIONAL FACTORS

This measure provides a score for educational factors that are correlated to academic achievement. ERCO's educational factors included in this measure are: (1) Instruction and Materials Alignment; (2) Assessments, Extensions and Interventions; (3) Professional Development and Coaching; (4) Use of Data; (5) Adult Implementation; and (6) Positive School Climate. Data for this measure is collected from ERCO site visits and school self-evaluation. A discussion of educational factors took place with school leaders in May 2023. The final rating was then determined.

RESULTS FOR EDUCATIONAL FACTORS

Results from examining educational factors in Traditional and Dropout Prevention and Recovery Schools show that ERCO schools are working hard to address instructional challenges. The

Improvement Plan now known as the One Plan implementation and related professional development were discussed. Schools completed a self-evaluation, rating each component on a four-point rubric. The virtual site visits from ERCO and the local State Support Teams confirmed evidence related to each indicator. School climates were positive and productive. The challenge for many ERCO schools continues to be technology access for all families. Fifteen schools (71%) were rated either MEETS or EXCEEDED the ERCO Education Factors Standard. One school (5%) received a rating of EXCEEDS THE STANDARD. Five schools (24%) were rated APPROACHES OR DOES NOT MEET. One school (5%) was rated BELOW THE STANDARD.

Additional Performance Measures and Criteria

ERCO CONTRACT – STUDENT PERFORMANCE MEASURES - ATTACHMENT 3

This measure provides a score for five performance goals identified in the ERCO contract. These include two measures that focus on the progress of subgroups. The contract also includes two non-academic goals: attendance, discipline, student engagement, etc. The final measure is a Mission Specific/School Specific goal. The schools receive technical assistance in completing and refining these goals.

RESULTS FOR ERCO CONTRACT – STUDENT PERFORMANCE MEASURES

The Attachment 3 of the ERCO contract focused on five student performance measures monitored during the school year. Nine schools (43%) were rated EXCEEDS OR MEETS THE STANDARD. Nine schools (43%) were rated APPROACHES (DOES NOT MEET) THE STANDARD. Three schools (14%) were rated DOES NOT MEET THE STANDARD.

YEARLY AVERAGE (YA) ACADEMIC PERFORMANCE RATING

The Overall ERCO (YA) ACADEMIC PERFORMANCE rating was calculated by averaging two measures: 1) Academic Calculation, and (2) Educational Factors. The average score was then applied to determine the ERCO rating. See scale below:

4.00 - 3.50 = EXCEEDS STANDARD

3.49 - 2.50 = MEETS STANDARD

2.49 - 2.00 = APPROACHES STANDARD (DOES NOT MEET)

1.99 - 1.00 = DOES NOT MEET STANDARD

ACADEMIC PROBATION CALCULATION

Each ERCO school will be rated on a 4-point scale in each of the following categories: (1) Academic Performance and (2) Educational Factors. Beginning with the 2022/23 results, the scores are averaged, and the resulting score is known as the Yearly Average Performance Score.

If the Yearly Average (YA) scores are less than 2.50 for two of three consecutive years, the school will be placed on Academic Probation. If the school receives an additional Yearly Average score below 2.50 within the following 2-year period, the school will be subject to probation or termination. ERCO retains the right to grant exceptions in certain circumstances, including but not limited to: change of leadership, adoption of a new curriculum, or implementation of a new behavior management program.

MISSION STATEMENT

Bridge Gate Community School will promote intellectual and personal development through professionally focused, summative and formative learning opportunities, preparing students to succeed, lead, and serve. The School will be dedicated to providing student-centered services in a professional and compassionate manner, utilizing highly trained and committed staff to individualized educational strategies that will empower each student to succeed in a cutting-edge learning environment.

Educational Plan

The educational approaches that Bridge Gate Community School takes at addressing the needs of the whole child are research based and scientifically sound, with techniques that have been proven to be highly effective with this population. Therefore, Bridge Gate Community School will implement a model where a student learns at least part through online delivery of instruction. Bridge Gate Community School program of computer-based instruction is designed in such ways as to allow each student to progress at his or her own pace. This builds success and, in turn, self-confidence. Computer based learning with a multimedia format is highly visual, interactive and more engaging, than getting information solely from traditional academic text. The visual demonstrations within the lessons aid in making information understandable to right brained students, which make up sixty-five percent of the population. Left-hemispheric curriculum of reading, handwriting, and calculating are obsolete.

MISSION STATEMENT

At Central High School, we believe the following: (1) Every student deserves an environment that enables them to achieve to their potential, (2) We respect our work and each other, (3) We use data to inform our decisions and measure our success. This mission will be served by providing the School's students with an individualized and self-paced program set in a flexible scheduling environment that is responsive to its students' needs, and by providing an education experience that leads to a high school diploma (not a GED) and post-secondary success. Central High School will provide a comprehensive, positive educational experience that will impart to each student the knowledge, desire, and confidence needed to succeed in reaching his/her goals. The school will strive to motivate, teach, and guide each student through his/her educational growth and development. This will be accomplished by emphasizing the development of both cognitive and social skills. Central High School offers a safe, secure, clean environment, and researched field-tested educational programs which have proven very successful in educating at-risk students. The program provides the opportunity for parent involvement and community engagement.

Educational Plan

Central High School will utilize the Apex Learning digital curriculum that is aligned with state standards and offers a component that allows teachers to differentiate instruction and address diverse student needs. Students become more engaged because they can progress at their own pace, taking as much or as little time as necessary to master the material. Direct instruction incorporates multimedia along with instructional text to provide students with multiple representation of concepts as well as addressing their different learning styles. Formative assessments help students gauge their understanding and improve performance, while summative assessments chart progress and skill development. Learning standards will incorporate like critical thinking and problem solving skills that will prepare students for college and career.

MISSION STATEMENT

The mission of Cincinnati Technology Academy is to provide an effective, consistent, and academically rigorous education in a safe, disciplined, and nurturing environment. We will empower students to reach their fullest potential by implementing a comprehensive curriculum facilitated by highly effective educators in collaboration with families and the community and supported by progressive technology.

Educational Plan

A Framework for a 21st Century K-12 Instructional Model: One of the most fundamental ideas of our American democracy is the notion that through education one can transcend his economic status. This is a transformation in social status that would be practically impossible in many economic and political systems around the world. Unfortunately, this ideal of education as a vehicle of hope has not materialized for many. With dropout rates over 50% in our urban areas, and 68% of prisoners who lack a high school diploma (Harlow 2003), the hope of education has been dampened by this level of failure in our public school system. There are many arguments about the causes of this failing, and numerous ideas for change. Almost all the school improvement literature focuses on the idea of mastery learning by each student. Traditional educational practices do not take this approach.

MISSION STATEMENT

C.A.S.T.L.E. students will have an opportunity to experience academic success combined with cognitive, emotional and social development. We strive to achieve this in a highly structured, disciplined, safe and caring environment. We aim to cultivate leaders who are well-rounded and productive citizens. We will accomplish this by setting high expectations, incorporating innovative programs and encouraging parental involvement. We are built on a holistic philosophy that emphasizes a co-educational plan.

Educational Plan

Student Learning Plans (SLPs) are established when a student enrolls in C.A.S.T.L.E. These are intended to be living documents and will be revised as needed, particularly as students complete courses and earn credits. Students will be assigned courses that are aligned with the graduation requirements in the state in which they reside. Additionally, students will complete all state required tests. Individual Learning Plans as a roadmap that leads to earning a diploma. Regular meetings with the assigned Teachers and the Guidance Counselor will provide an opportunity to review progress and reestablish plans.

MISSION STATEMENT

The DAMPE will partner with families in the Greater Cincinnati area to enable every child to reach his or her highest academic potential.

Educational Plan

We will employ Ohio Department of Education's model curriculum for all content areas. This will allow teachers to plan the instruction and the teaching techniques for their students that will "help them gain the knowledge and skills called for in Ohio's Learning Standards." This model curriculum is aligned with the common core standards and the state mandated assessment. What follows is a starting point for more extensive work in our curriculum development; work that we would take on within an expanded curriculum development team.

MISSION STATEMENT

The mission of East Bridge Academy has four components: (1) Prepare students with 21st century skills including using informative and communications technology (ICT) to gather and assess information, collaborate, be innovative, think critically, solve problems, promote knowledge, wisdom and understanding to all stakeholders that empowers success in our global society. (2) To achieve this goal, the teaching and learning culture must build positive relationships with all students and their families in order to gain trust and respect while providing an opportunity for active engagement and adapting programs and practices to achieve full student potential. (3) Create a productive learning environment featuring nontraditional methods of instructional delivery and high expectations that involve parents and families. (4) Ensuring students reach their full potential, are prepared to be successful in life after graduation and enter a global society that requires being trained in the utilization of various technological tools.

Educational Plan

The East Bridge model is built on the concept of empowering students with 21st Century skills. Our curriculum is aligned to Ohio's New Learning Standards. The New Learning Standards guide all aspects for the learning environment. Content offers both remediation and enrichment for all students. This model enables our students to meet Ohio's new Learning Standards and gain critical 21st Century skills. The educational approaches the East Bridge takes at addressing the needs of the whole child are researched based and scientifically sound, with techniques that have been proven to be highly effective with this population. Therefore, East Bridge will implement a model where a student learns at least part through online delivery of instruction. MISSION STATEMENT

Mason Run High School is a student-centered organization delivering excellence in education. The team is committed to our students, our communities, and each other. We believe that our cohesion and morale help us to achieve excellence in the school. Our commitment to the students and our dedication to impacting their education through innovative methods makes us unique. At Mason Run High School, we believe the following: 1) Every student deserves an environment that enables them to achieve to their potential, 2) We respect our work and each other, and 3) We use data to inform our decisions and measure our success.

Educational Plan

Mason Run High School will utilize the Apex Learning digital curriculum that is aligned with state standards and offers a component that allows teachers to differentiate instruction and address diverse student needs. Students become more engaged because they can progress at their own pace, taking as much—or as little-time as necessary to master the material. Direct instruction incorporates multimedia along with instructional text to provide students with multiple representations of concepts as well as address their different learning styles. Formative assessments help students gauge their understanding and improve performance, while summative assessments chart progress and skill development. Learning standards will incorporate like critical thinking and problem solving skills that will prepare students for college and career.

MISSION STATEMENT

The mission of Miami Valley Academy is to provide a quality lifelong education based on individuality, opportunity, creativity, community pride, and belief in each person's ability to learn.

Educational Plan

High-risk students are unsuccessful not because they do not want to succeed, but rather due to not having a system that is designed to meet their needs. Miami Valley Academy is based upon the premise that high-risk students have different needs, learn at different rates and have diverse learning styles. Currently these are not being addressed by traditional public schools, causing many high-risk students to be disengaged and apathetic toward school. Whereas many schools focus mainly on providing educational services, Miami Valley Academy, by contrast, is multi-dimensional. The Miami Valley Academy focus is holistic—encompassing the whole body, mind and emotional well-being of a student. This holistic approach is taught and promoted throughout the course of the school year. We view each student as having strengths not deficits and our programs and practices are adapted to provide the support each student requires to achieve their fullest potential.

MISSION STATEMENT

It is the Center's mission to provide the "opportunity for success" to, and motivate and instruct, these students who fail to learn in traditional school settings and have decided to drop out of the school system. Included in this population are students described as generally disruptive with chronic behavioral issues, students who have been suspended or expelled, and students with special needs. It will advocate student achievement in school and in life via individualized learning that ensures every student meets all expected performance standards, graduates, and is able to compete on a global scale.

Educational Plan

Our Center will provide learning opportunities for students in direct, individual and group instructional settings utilizing high quality curriculum and resources, including online learning labs. Moreover, students receive optimum personal attention, and are provided access to a wide range of high quality resources. As such, all requirements of students' Individualized Educational Plans (IEPs) will be met, and bilingual staff will work with Limited English Proficient (LEP) students and families.

MISSION STATEMENT

“The Brilliance School, in partnership with parents and the community, will provide a nurturing environment, and develop the full potential of these gifted students within the Autistic Spectrum Disorders using a multidisciplinary approach addressing individual needs.”

Educational Plan

The Brilliance School provides a humanistic learning environment for children with Autistic Spectrum Disorders. Educational and scientific research indicates that highly structured, intensive education, especially in the early grades is the most appropriate teaching method for students of this population. In a collaborative effort with parents, The Brilliance School has developed an innovative program to accommodate the individual needs of each student. Each aspect of the program represents a continuum of services and environments from the most restrictive, to transition to a regular community involvement.

Year opened: 2006 Grades served: K-12 Enrollment: 451

MISSION STATEMENT

The mission of the Zenith Academy is to provide challenging rigorous academic program that aligns to the Ohio Curriculum Model to all students within the geographic attendance area of Columbus. All students are able to enroll including the special student population group that is challenged by Limited English Proficiency (LEP) and comes with interrupted educational background. Through rigorous academic development, character education, partnership with parents and community, and the provision of a nurturing environment conducive to learning, the Zenith Academy provides high quality, global conscious and competency-based education. Through the inclusion of character traits and proper behavior, and good attendance, ZA graduates students who are successful life-long learners and responsible citizens of their school community neighborhoods, and beyond. The need for this school will continue due to the growing diverse population of central Ohio.

Educational Plan

Zenith Academy uses the Ohio Content Standards as the basis to develop its curriculum and instruction for kindergarten through grade ninth. Alignment with the Ohio Content Standards ensures student preparation for the OAA/OGT. The curriculum will be sequentially developed for kindergarten through grade ninth, with emphasis placed on mastery at grade level and special intervention for at risk students. In addition, ZA will integrate Character Education throughout its curriculum. This aspect of the program is critical to the identity and overall success of ZA.
